Volunteer Procedures

# RESPONSIBILITIES OF THE VOLUNTEER

As a volunteer tax assistant, you should be careful to:

- \* Use the correct forms.
- \* Provide your clients with accurate information.
- \* Follow the procedures and instructions in this manual.
- \* Complete a Volunteer Information Sheet each tax season.

Your responsibility as a volunteer is to help your clients complete their tax returns. You are not a professional preparer. You do not have any legal responsibility regarding the accuracy of the returns you complete. You should make sure your clients are aware that the legal responsibility is theirs.

### **CONFIDENTIALITY OF INFORMATION**

All the information contained within a return is CONFIDENTIAL. Volunteers should not, under any circumstances, discuss information about any of the returns they prepare. Also, no information can be retained concerning an individual's tax return. Credibility of the VITA/TCE program will be lost if disclosure of information is made to unauthorized individuals. To enhance the privacy of clients who come to a site, you should try to arrange the assistance area so that others cannot see or overhear the information exchanged between the volunteer and the client.

### PRIVACY ACT INFORMATION

If a person requests information about the Federal Privacy Act or the California Information Practices Act of 1977, refer them to Franchise Tax Board's toll-free public assistance number.

### **ACCEPTANCE OF PAYMENT**

Under no circumstances should you accept any form of payment either for your services or on behalf of Franchise Tax Board.

### QUESTIONS OR ASSISTANCE UNRELATED TO PERSONAL INCOME TAX LAW

You have been trained to assist in the preparation of personal income tax returns. If a person requests help on personal income tax laws other than those you have been trained on, refer the person to Franchise Tax Board's toll-free public assistance number. If a person requests help on matters other than personal income tax law, suggest that they seek help elsewhere.

Volunteer Procedures

### SITE NUMBER/SIDN

Every volunteer site has been assigned a site number/SIDN. This number and your initials are to be included on returns for identification purposes.

TaxWise Tip:

Make sure you include your SIDN on the state return. The SIDN's are very important for accurate statistics.

### **QUALITY REVIEW**

During training, your instructor should give you two self-addressed stamped envelopes for you to give to the first two paper return "refund only" clients you assist. The two returns will be reviewed at a Franchise Tax Board field office. After review, the field office will forward the returns to Franchise Tax Board in Sacramento. The purpose of the review is to identify error trends early so that future errors can be avoided. This review process is in addition to the quality review program used at your site.

# REPLENISHING YOUR SUPPLY OF FORMS

To replenish your supply of state forms, complete the Form 2333V-CA and return it to your local Franchise Tax Board Volunteer Program Coordinator. If you have any questions, you may call the Volunteer Hotline.

If your site is an information and referral center, you may call Franchise Tax Board's Volunteer Hotline and request a state Package X. Inform the technician who answers that you are a volunteer, and give your site number and your mailing address.

# CHANGE IN SERVICE HOURS OR LOCATION

In order for your volunteer program to be effective, it is important that the volunteer site be open and staffed during the hours indicated in the publicity. If you plan to be absent, you should arrange in advance for another volunteer to provide assistance during your assigned time.

If you change the hours or location of your volunteer site, you should:

- 1. Call the Volunteer Hotline and inform them of the following:
  - \* That you are a volunteer.
  - \* The present location of your site (including county and zip code).
  - \* The change in hours or location.
- Notify the organizations, media, and other persons whom you previously contacted regarding publicity.
- Correct or remove the posters you have placed throughout the community so the public will not go to the old location or to a closed volunteer site.

We update our volunteer site list every three weeks during the filing season (January through April 16) and distribute to agencies by request. The site list is also on the Internet at www.ftb.ca.gov. The Internet site is updated weekly. Therefore, your timely updates are important.

Volunteer Procedures

### **PUBLICIZING YOUR PROGRAM**

The success of your volunteer program depends to a great extent on how many people are aware of the service you are providing.

As a member of your local community, you are familiar with activities, organizations, and individuals that can help you get information to the public. If you take it upon yourself to get the word out about the program, it will help ensure the success of your individual volunteer site.

One of the most effective ways for you to publicize VITA/TCE is through "word-of-mouth." If you tell five people about the program and they each tell five more people, who also tell five people, you are effectively advertising this program. Remember, you are providing a valuable service, so don't hesitate to tell people about it.

A close second to word-of-mouth publicity is a referral from local leaders and community agency personnel. Talk to your pastor, prominent citizens, local government officials, and representatives of local clubs. Ask them to spread the information about your program and to refer interested people.

If you belong to a club or organization, or plan to attend a luncheon, ask for a few minutes to speak about the program.

If you know of a club bulletin, church newsletter, senior citizen paper, or local throwaway (a free paper usually passed out at grocery stores), ask the publishers to print your volunteer site location, dates, and times service is available, etc. They may even print a small story about the program.

Posters are available from your sponsor and coordinator. Put the posters where you think they will do the most good (i.e., a bulletin board, store window, library, church, bank, senior citizen home, etc.).

Remember, anyone who comes into your volunteer site is a possible information source. If you provide good service, this person will recommend your services to someone else.

In your publicity, encourage the clients to bring their forms with them to the volunteer site.
